VOLUME III, NUMBER 23 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER APRIL 22, 1929

PURCHASE OF EMPIRE BY NEWMONT BRINGS OUT INTERESTING HISTORY

With the sale of the extensive intereests of the Empire Mines to the Newmont Mining Company the past wek, large time operations are in prospect for this famous group which doubtless has the worlds' record for continuous as well as largest quartz gold production in the history of gold mining. Its production total has been given as large as sixty millions in its 78 years of life

It has ben common talk that the deal had been pending for some time with the experting of the property by representatives of the Newmont interests who have passed favorably on the merits of the property. The deal which has been fully approved by both seller and buyer will be formally consummated on May 1st.

It includes approximately 1000 acres of mineral holdings as well as mineral rights under a considerable portion of the Grass Valley townsite. The Ophir Hill properties, the Pennsylvania, WYOD, Wyoming, Cassidy and the Sultana group are all included in the transaction. The Bourne gardens and residence are understood to be reserved from the sale by Mr. Bourne.

The Empire is equipped with a sixty stamp mill on its main property and a cyanide plant while at the Pennsylvania are a 20 stamp mill and a hoisting plant. The Empire is one of the finest equipped mining properties in the state and its mining costs have been maintained at a relatively low figure. George W. Starr who had been managing director for many years since 1887 and Fred W. Nobs the present manager have been largely responsible for the high standard which has made the Empire one of the foremost gold properties of the world. Mr. Nobs has been connected with the property for the past fourteen years and is one of the leading mining men of the Pacific Coast today. The safety first work at this property which is in charge of Cladue M. Ferguson represents the most advanced ideas in the protection of the workingman, both above and under ground.

Fred Searls, a firm believer in the future of this section from a gold production standpoint was in charge of arranging the details of the transaction.

Following the discovery of the wonderfully rich quartz on Gold Hill by McKnight in June, 1850, intense activity was inaugurated in the search for quartz mines and (in October, 1850) in rapir succession ledges were discovered in Massachusetts Hill, Ophir and Rich Hill. The first 'homemade' mills which were in this district, proved disastrous failures and for the next few years the quartz mining industry in Grass Valley was at a very low ebb. The early claims as located were only 30 by 40 feet and the Empire property as it stands today consists of hundreds of claims which have been gradually consolidated around the original Ophir claim located in 1850 by Geo. Roberts. The Ophir, together with adjoining claims, was sold in 1851 to Woodbury & Parks, owners of the Empire custom mill in Boston Ravine. In 1854 the Empire Mining Company was incorporated; after purchasing other claims the mine was systematically developed. Owing to the exceptionally rich ore and better management the Empire did not suffer from the general depression experienced by quartz mining.

In 1865-1866 the Empire Company, pursuing a policy of expansion installed, at a cost of $200,000 a new plant which included a 30-stamp mill. At this time the quartz mining industry in the Grass Valley disrict had entirely recovered from its depression and in 1867 there were 30 quartz mills in operation and 1600 men employed in the industry, but in the succeding years, owing to poor management, the lack of development work and general 'dry rot' this period of prosperity was again followed by its corresponding period of depression and by 1880 the Empire and the famous Idaho were the only mines operating. The Empire mill was destroyed by fire in 1870 and was replaced by a 20-stamp mill. By 1878 all the pay ore had been extracted and the 1200 foot incline on the Ophir vein was allowed to fill with water; work, however, was then undertaken on the Rich Hill vein.

In 1878 the Empire mine, which at that time was controlled by the W. B. Bourn estate, was examined by three well-known mining engineers who reported that the property was too deep for profitable working and advised that it be closed. At this critical period in the history of the mine, and in fact of the whole mining district, W. B. Bourn, Jr., after a thorough examination of the mine decided that the property warranted further development. He,theefoe, fomed the Original Empire Company; development work was commenced, and after energetic and systematic exploration carried forward under the most adverse conditions, the property in 1883 again entered on an era of prosperity. Prior to this time steam had been used as power, but in pursuance of its far-sighted policy of expansion, the company installed water power at an expense of $100,000, reconstructed and improved the surface plant, and in 1886 increased the number of stamps from 20 to 40. In 1887 Geo. Starr, the present managing director, after serving an apprenticeship of six years, became superintendent, but in 1893 he resigned to accept the management of a South African mine. During this time a split had been encountered in the Ophir vein below the 1700 foot level, and exploratory work was carried on at a loss until 1896 when Mr. Bourn purchased the controlling interest, which he sold in 1888. In 1898 Mr. Starr again became manager of the property, and a great part of the prosperity that the Empire mine has experienced frob 1898 to the present time, is due to his business like and efficient management. Before accepting the management Mr. Starr made a complete examination and report on the property, the essence of which is in his opinion applicable to gold mining generally in California today, as it was to the Empire mine in 1898. The report stated that the lack of successful development work was the chief cause for all underground trouble and that surface conditionc were deplorable, the mine having outgrown the plant. Further, he stipulated as a condition of acceptance of the management that $200,000 be furnished him to properly equip and start the property. The directors at first refused to accept the plan outlined as they did not consider the amount of ore in sight sufficient to justify such expenditude. Mr. Starr replied that the property had a record of 47 years continuous work and from a very small area of its total holdings, over $7,000,000 had been produced; that the chief cause of failure was lack of systematic development and a plant unsuited to economical working under existing and future conditions; that in his opinion the showing in the mine justified such an expenditure. Mr. Starr's far-sighted policy was at last accepted and the expenditure of $200,000 and a monthly development of 600 feet was authorized in 1898.

The new plant was completed in 1899 and underground development was rushed. The extension of the 2100 foot level proved the length of the ore-body on this level to 1840 feet. Owing to the discovery of rich ore there was no occasion to use any part of the $200,000 appropriated and the mine produced gold, not only to pay for all improvements, development and operating expenses, but to pay dividends besides. Since 1900 the equipment has ben added to from time to time until today the Empire plant, clubhouse and grounds are one of the show places of California. The surrounding property has gradually been acquired until the company now owns around 1000 acres of mineral ground, including the Pennsylvania-W Y O D holdings. This mine had ben operated at a los for over ten years. when Mr. Starr again showed his faith in the Grass Valley district by taking over the property against the judgment of other

SPECIAL MINING NUMBER NERLY READY FOR PRESS

The special mining issue of The Nugget promised for appearance this month is nearly ready for the press and with the receipt of an article by Congressman Engelbright will be complete as to its composition and makeup. Aside from the noteworthy articles bearing on the mining situation in Nevada and Sierra counties are the directory of the various mining properties in this county, the agent, agent's address and location of the property together with the improvements thereon. This feature alone has entailed a great deal of labor.

Many requests for copies are bein greceived and will be filled in the order of their receipt.

ORE BUYERS ACT PASSES ASSEMBLY AND SENATE

The amendments to the ore buyers act have now gone over the various Legislative hurdles and awaits the signature of Governor C. C. Young to make it a law. Should the bill be signed by the Governor, it will become affective ninety days after the adjourning of the Legislature.

The bill makes it possible for buyers of gold under one thousand ($1000) dollars, to do so with a liense fee of $2.00. For purchasers of gold in the sum of more than one thousand ($1000) the license fee will be $15.00 without the additional bond that has been required in the past.

Under the terms of the bill which had been introduced and amended by Senator Cassidy and Assemblyman Seawell and which have been passed by both houses, relief to the mall merchant and prospector will be forthcoming late this summer. The purchasers of gold have been relieved of paying the bond and the license fee is reduced to a minimum which relieves the objectional features of the old law.

CITY TRUSTEES ASK FOR REGULAR SESSIONS

The desire of City Recorder M. D. Coughlin to hold court on Saturday mornings only did net meet with the commendation of the city board of trustees, who wanted court held whenever there was occasion for it. This was one of the principal items of business transacted at the regular board meeting on Thursday night. The list of minimum fines submitted by hizzoner also was gone over and it was decided to leave it to the court to determine the proper number of kopecks to be contributed by such as are haled before the bar of justice.

The board authorized the purchase of another 800 feet of hose for the fire department which will bring the amount available for use more nearly up to normal.

The fire department also submitted the draft of a proposed ordinance establishing the formal organization of the local department which has been functioning for many years without it. The matter was referred to District Attorney Nilon.

The city expense account for the past month was considerably lighter than usual.

Mrs. H. H. Buckner was called to San Jose by the illness of her sister, Mrs. McEwen.

Mr. and Mrs. Charles D . Cline of Los Angeles, who are interested in the Neocene Gold mine, were visitors in Nevada City Wednesday and Thursday. It was their frist trip to this section. They were pleased with the country and plan to return later for another visit.

Mrs. Phoebe Hathaway returned Friday from Newcastle. She has been there for some time caring for her mother.

Antone Lavezzola, hotel man of Downieville, and George and Norman Costa were in Nevada City Friday.

Harry G. Rowe, hardware man, of Sacramento is a business visitor in Nevada City.

Laurel Parlor, Native Daughters, celebrated its 42nd birthday at its meeting last week in a very pleasing manner.

RICH ORE FOUND ON 1500 LEVEL AT IDAHO MINE

That Idaho Maryland Consolidated Mines, nc., had uncovered a rich vein of ore on the 1500 foot level, the same vein which has proven a profitable one at the 2000 level, was the revelation made yesterday by Managing Director Errol MarBoyle.

This vein shows free gold, with an indicated valued of between $10 and $20 per ton, it is stated. On the 2000 level it is from 4 to 10 feet thick and shows values averaging $15 per ton without being sorted.

As a result of this disclosure the company's stock showed marked appreciation on the San Francico Mining Exchange Thursday and continued the advance commenced earlier in the week.

Turnover of 130,575 shares marked the dbut of the company stock on the San Francisco Mining Exchange last week. This compared with a total day's volume on the Exchange of 351,010 marks the largest day's business from the standpoint of share turnover experienced for many weeks.

Reports from the company offices indicate that coincident with the return of the issue to an active trading enity on the Exchange, a program of expansion has been planned including the doubling of the force of men employed, increase of milling capacity and developments of the five new ore bodies.

MOUNTAIN MESSINGER IS SOLD TO M. T, AYRES

The Mountain Messenger which has had Harry Tibbey at the helm for many years has been taken over by M. T. Ayers, experienced newspaper man who will produce his first issue this week. Many betterments are planned for the paper including a new linotype setting machine .The Nugget bespeaks for the new management a hearty welcome.

KIWANIS WILL BUILD INFIRMARY LAKE VERA

The Oakland Kiwanis Club will install hospital facilities at Lake Vera as an adjunct of Camp Celio. the summer camp for the Oakland Camp Fire Girls. A structure 20 by 26 feet in size will be erected and equipped with modern facilities in time for the summer season. Several members of the club were up last week to go over the site.

OLD TIME DANCE WAS A KNOCKOUT OCCASION

One of the finest dances staged in years was the Old Time dance at Red Men Hall on Saturday night under the tutelage of Dick Goyne and the Elks. The vast crowd present for the occasion was loud in its praise of the many features introduced.

The spectacular wedding proved a most entertaining feature with good natured Karl Kopp cast in the character of groom and Dick Nickless as the blushing bride. W. E. Wright tied the knot, Francis Hogan was best man, Horace Curnow ring bearer. Karl and Dick pulled down a 50 pound sack of flour for their efforts and they promptly turned it over to the Nevada City Benevolent Society to be given to the most needy family in th community.

The cabaret party staged by Tom Coan proved a real hit. The Mobley orchestra furnished excellent music for the dancing. The piano playing by Clarence Varney was of especial notice.

REV. BLAKE HADLOW WILL BE LION SPEAKER, MORROW

Rev. Blake Hadlow, rector of the Episcopal church at Auburn, will be the speaker of the day at the Lions Club tomorrow noon. Rev. W. Chas. Pearson will be chairman of the day.

Rev. Hadlow is a very pleasing speaker.

DS CANAL IS AGAIN TROUBLING THE MINERS

The nine mile canal or lake of the NID spanning Deer creek to Wolf creek is again giving mischief to the mining companies operating in the Nevada Basin district and it is probable that if water is to be run thru it this year that injunction proceedings will prevail to prevent such use until the seepage from the ditch is stopped. Three mines were flooded last year. The Murchie mine is reported as suffering.

OBJECTIONS TO BART SWEENEY APPLICATION

Objections to the water filing being made by Bart Sweeney to appropriate certain waters from Logan creek to be used at the Morning Glory placer mine above North Bloomfield are being received by the state division of water rights which will conduct a hearing on Wednesday at Sacramento. Ownership of the Waukesha ditch is claimed by J. D. Stewart and T. L Larsen, who claim Logan creek as their main source of water supply. Robert C. and Anna Wilson and W. W. Waggoner and D. E. Bleakley also appear as protestants in the matter.

IN OLD VIENNA COMES TO THEATER ON THURSDAY

The Nevada City Lion's Club has been able to bring a treat to Nevada City theatre goers next Thursday April 25th. The Onaway Club of Sacramento, a dramatic club of high reputation, has agreed to put on the musical comedy, "In Old Vienna". There will be about 50 people in the cast. Mrs. Frank Bellhouse directs the Club and she has gathered together the caste for this occasion. All experienced high class artists. In Old Vienna is tuneful, colorful, and the scenic effects are beautiful. Geneveive Peters, the petite little leading lady is all that could be desired as the Gypsy girl, she has played parts for the past three seasons and has always won the praise and admiration of the audience. Among the leading characters are William Martin, who plays the part of Jones the Peter Pickle advertising expert. Ridge Paschel, who plays the part of the millionaire is well known by the members of the Nevada City-Grass Valley Lions Clubs and has entertained themw ith his wonderful voice on numerous occasions. He is a member of the Sacramento Lions Club and has a splendid reputation in musical and dramatic circles in Sacramento. Winn Weida, who plays the part of Lady Vivian is a well known choir and concert singer. Virginia Williams and Earl Martin are well known radio artists and their duet work is very fine. Mildred Cooper as the substitute for Lady Virginia's lost daughter, is a laugh from first to last and Harry Landers as the Carnival Kink is there every minute.

The music is under the direction of J. E. Weida, who is a very able director and Mrs. T. Frank Bell House is a well known dramatic director and directs the entire production of In Old Vienna.

This musical comedy is being put on by the Onaway Club of Sacramento for the Nevada City Lions Club as a benefit for the Nevada City Boy Scouts organization to raise funds to pay this Districts annual assessments to the Tahoe Council. This comedy will not only help a good cause but will be a great treat to all who see it. I is seldom that such a fine musical organization can be obtained for towns the size of Nevada City and the Lions Club assures the public that it will be well worth the cost of a ticket. Reserved seats 75c and $1.00. Reserve your seats at "Foleys".

Miss Jane Phillips showed slight improvement in her illness Friday. She has been in Rihmond for some time and was taken ill and returned home. She is a bright and very ambitious girl. Her many friends hope for her a speedy recovery.

Chester Schemer has purchased a new car of popular make.

ORE SHOOT CUT IN THE PIONEER IN A NEW PLACE

Progress at Pioneer Mine shows 80 feet of drifting on the 70 foot level by Supt. H. H. Marsh has been accomplished during the past 40 days, making a total of 360 feet on that level, this work revealed the true strike and dip of the vein, which also cut a vein running about right angles with it with an average width of 6 feet of fair grade ore.

On the 170 level over 90 feet of cross cutting has been accomplished, cutting the downward extension of the vein developed on the 70 foot level revealing ore from 1 foot to 2 feet in width, which from pannings estimated to average $50. per ton. Ore shows free gold, sulphide and galena. Some tungsten is in evidence.

Further development will be carried on at the 170 level by drifting both east and west from the point where the vein was encountered in the cross cut, to determine the extent of the pay shoot, with the further expectation of encountering a junction with the 6 foot vein uncovered on the 70 foot level where is expected to cut a shoot of considerable tonnage.. Altogether four pay shoots have been revealed on the surfac of this property all seeming to come from a common center.

From estimates at this time 200 feet of stoping on a 150 foot length of pay shoot so far developed should yield from $40,000 to $50,000.

It would appear that at no distant day it will be necessary to erect a mill on the property.

YUBA PASS OPENING IS BEING CONTINUED

The recent storm put some obstacles in the way of the opening of the Yuba Pass over the Sierra as early as had been expected but machines are now going over in tow of a tractor and it is expected that the snow will be cleared sufficiently from the roadway to permit the free passage of machines in a few days. It is unfortunate that there is not an association at present amply financed o keep equipment on hand to work after every storm. That was the original intention of the former All Year Association which has done but little if anything the past year toward keeping the Pass open to travel. Marion Lunt, energetic good roads booster of Downieville has been responsible for initiating the present work of clearing the road.

PHELPS LOSES INJUNCTION CHANCE AGAINST DISTRICT

John Phelps ,who sued to enjoin the Nevada Irrigation District from further flooding his mining claims at Lake Bowman was denied such rught by Superior Judge Pullen in court Friday morning after arguments had been made by counsel for both sides. The judge held that Phelps should have instituted such proceedings at the time that the timber was being removed on his claims by the District in clearing for the reservoir site and that all he has is a chance to get damages. The case of Chris Hansen on similar grounds will also be tried.

George Lyons, former resident of Nevada City sucumbed to burns received several weeks ago. He was sent from here to take charge of the Modoc National Forest six years ago. He is survived by a wife, daughter, and aged parents.

He was in an inspection trip thru the forest with other and one of the party attempted to pump up a gasoline lanern which exploded throwing gasoline all over the men. He did not recover from the effects of them.

W. R. Williams, who has been in a sanitarium at St. Helena, has so for recovered that he was brought to his home in Nevada City Saturday.

Mrs. Elba Hurley and Mrs. Agnes Hurt of Rough and Ready were visitors in Nevada City Friday.

AUBURN TRACK MEET

On Saturday, April 13, Nevada City high school sent an "A" and "B" track team to Auburn to represent our school in the Sierra Foothill Interscholastic Field Day. The "A" team was composed of Milton Masters, Elbridge Skeahan, George Noyes, Edgar Davies and Byron Janes. The "B" team was composed of Bob Beegel, Addison Janes and Bob Polglase. The Nevada City "B" team made four points and the "A" team, one point. The boys taking prizes were, Elbridge Skeahan, Addison Janes and Bob Polglase. Skeahan won one point; Janes, two and Polglase, three.

JOKES

Gertrude—"Poor Otto, the poet, killed himself".

Miss Hoffman—"How did that happen?" ..

Gertrude—"He dashed off what he thought was blank verse, but it turned out to be loaded".

Tom—"Busy? No".

Lynn—"You busy? No".

Tom—"Well, let's go to class then".

Mr. and Mrs. Joseph Pritz are visiting relatives in Oakland.

COMMERCIAL RESULTS

The representatives of Nevada City high school returned from the commercial contest at Marysville with honors.

Kathlyn Greenway won a silver pin ,by taking second place in the shorthand contest with an accuracy of ninety-eight per cent.

Vera Toccalini won honorable mention by taking fourth place in both shorthand and typing contests.

Other participants who represented our school were, Grace Towle, Alberta Baker, Geraldine Larsen, Bernice Eden.

CIVIC CLUB MEETING

The civics club held a meeting at 3:20 o'clock Monday, April 15. The meeting was held to discuss the picnic which was held Tuesday, April 16, as one of the social events of the year.

Bob—"I think Mary is one of the most level headed girls I know".

John— "So do I. I just noticed how flat her head really is".

Mr. and Mrs. H. W. Robinson have as a guest, Mrs. Elizabeth Kirkpartick of Middleton, Ohio.

EDITORIAL

The civics club of the Nevada City high school is an organization which deserves considerable mention. Mr. Kjorlie, our history teacher, organized this club in his civics classes early in the year. The pupils take great interest in their organization and put forth their greatest efforts to do as much for the school as possible.

We are thankful that we have such an organization in our school because it really has done a great deal for us. On Washington's birthday it entertained the student body with a program, and presented the school with a new flag. Their latest interest is that of planting flowers and shrubs around the school building.

Besides being a benefit to the school they have benefitted themselves by giving picnics which have given them an opportunity to gain social, as well as civic advantages When freshmen enter the high school they seem to be neglected by all upper classmen. This year Mr. Kjorlie, by the organization of the civics club has given the freshmen every advantage to learn school customs and cultivate school spirit, as well as make them feel that they are a part of the student body.

CIVICS CLUB PICNIC

The Civics Club had a picnic at Memorial Park on Tuesday evening, April 16. The members played tennis and other games until dark, when a picnic supper was served. They closed the evening by attending the performance at the Strand Theater at Grass Valley.

JUNIOR NOTES

On Monday, April 15, the juniors held a meeting in Mr. Kjorlie's room to discuss the Junior Prom. The following committees have been selected: decoration committee, Dorothy Tamblyn, Vivian Cerro, Thelma Boreham, Holden Pierce and Bob Polglase; advertising committee, Grace Towle, Elizabeth Godfrey, and Addison Janes. It was voted that Mr. Kjorlie write for samples of dance programs.

Tickets for the Junior Prom, which will be held on April 26, may be obtained from any of the juniors. The juniors are working very hard to make this dance the "biggest ever".

SENIOR GIRLS MEET

The senior girls held a meeting at 12:50 o'clock Wednesday April 17, for the purpose of deciding what kind of dresses they would wear at the graduation program. They decided to wear white sport dresses and white sport shoes.

Miss Taylor (in sociology)—"I was once in an insance asylum".

SENIOR FARCE

The senior farce "Applesauce" is progressing quite rapidly. The cast is now rehearsing the second act under the direction of Miss Taylor. The seniors are practicing every day and are planning to make their senior farce a very successful affair.

MISS WHELAN RETURNS

The students of the Nevada City high school are all very glad to have Miss Whelan back to school again. She has been in the Nevada City Sanitarium, with the flu.

AD VERTISA

On the shores of Cuti-cura,
By the sparkling Pluto water,
Dwelt the prophylactic chicklet,
Danderine, Fair Buick's daughter.
She was loved by Instant Postum,
Son of Sunkist and Victrolia,
Heir apparent to the Mazda
Of the tribe of Coca-Cola,
Through the Shredded Wheat they wandered.
"Oh, my little Wrigley Chicklet",
Were the fairy words of Postum.
"No Pyrene can quench the fire,
Nor any aspirin still the heartache,
Oh, my Presto-lite desire,
Let us marry, little Djer Kiss".

JOKES

Mr. Pedersen—"Bill, you may give me a sentence using the word 'banquets' ".

Bill—"When the band quits, we will have some music."

Melba—"So you don't like dancing?"

Ernie—"No, it's nothing but hugging set to music".

Melba—"Well, what don't you like about that?"

Ernie—"The music".

Marie—"Doesn't it give you a luxurious feeling to lie in bed and ring for your maid?"

Miriam—"Why, have you a maid now?"

Marie—"No, but I have a bell".

Byron—"Why didn't you answer my letter?"

Helen—"I didn't get it".

Byron—"You didn't get it?"

Helen—"No, and besides, I didn't like some of the things you said in it".

Milton—"Pat, in the moonlight, our teeth are like pearls".

Pat—"And by the way, when were you out with Pearl?"

Mr. Pensee—"Why do you sign our name, W. W. W. William R. our name, W. W. W. William R. R. Rector?"

Bill—"I was baptised by a stuttering minister and he gave me that name".

Mrs. Harold George and Mrs. George Van Duzer spent Wednesday in Sacramento.

SAVINGS ACCOUNTS HAVE QUADRUPLED IN 10 YEARS

There are nearly four times as many people in the United States who have savings accounts as there were ten years ago. This may seem strange in view of the popularity of owning an auomobile, of speculating in stocks and the many varied attractions that are provided for enticing money away from people, yet the statistics stand.

Ten years ago there were eleven billion dollars deposited in the savings banks of the United States. The savings of the people deposited in banks of the country today are thirty-one billion, or more than three times as much.

There may be someone who will read this who may not have started to save. He will find that he is very much alone in his spending all he makes, and that if he is wise as the average human being he, too, will soon have a savings account in his own name.

THE NUGGET INDOOR SPORT COLUMN

FINAL BOWLING WEEK PROMISES SURPRISES

This week is the final one in tournament bowling for the spring season promises to be a real one on the Elks alleys with three teams tied up for first place honors and two others within striking distance of the top rung. The Ghidottis by virtue of coming out of their slump annexed three points from the absent Leiters and the Trevithicks by doing likewise with the almost absent Lobdells went after the Durbins who dropped four to the Penroses who put on the real bowling of the week

Absentees were numerous for some peculiar reason, none of the Leiter crew making their appearance and Captain Lobdell after trying to uphold his crew team's standing by his lonesome gave up after the first game and left the field to the Trevithicks. The 44 handicap gave the Leiters one point from the Ghidottis in the second game.

The outstanding bowling of the week was by Hegarty who slipped over a pin total of 524. Curnow was close behind with 498. No one else was close although Breese put over some fine work in his closing game with a 196 and brought up his average nicely. Curnow shot four doubles but his main reliance is in his ability to make his spares.

Carter is in second place with strikes although he had a hard time this week with his center alley ball on his first shot. Hegarty trotted into third place but one behind Carter while Breese is in fourth with 31. Penrose has ben making an excellent showing this tournament with his strikes and spares and had he started in with a better average would have been among the leaders.

In the spare department Dave [illegible] is in front with 54 while [illegible] one behind for second [illegible] is in third with 49 [illegible] Lobdell comes in fourth with 15. The ability to makes the strikes in a row is what brings up the average into the upper figures. The youngest bowlers are coming along better in that regard and by another year will be sailing along in good shape.

Doubles—Walling, Hegarty, Penrose, D. Richards, Nickless, Pierce, Brese 2, Trevithick, Curow 4, Kopp

Strikes—Hegarty 2, Ghidotti.

Chris Honold was down from Forest on business one day last week.

William Maguire was in San Francisco on business last week.

Mr. and Mrs. E. M. Shaw were Sacramento visitors Thursday.

Passengers on an airplane flying from Chicago to St. Paul were entertained by a moving picture show 2,000 feet in the air. Well here is one instance at least where the movie proved to be a very high form of entertainment.

Subscribe for The Nugget.

Mr. and Mrs. Ralph Maitland were business visitors from Shady Creek Tuesday.

Edw. McDonald of Tennant has been visiting relatives in this section.

William V. Tamblyn has been visiting his sister, Mrs. Bessie Farmer who is convalescing from an operation.

Mr. and Mrs. R. L. P. Bigelow visited in San Francisco during the week.

The trouble with the man with an ax to grind is that he always wants somebody else to turn the grindstone.

"John Brown speaking"

Many telephone customers follow the modern style: "I give my own name—*at once*—and if it is a business call I also give the name of my firm. This establishes my identity."

Such an introduction permits both parties to get down to business without loss of time. And it makes a fine impression.

ROYAL DEVELOPMENT CO. PLANS FLOTATION MILL

By liquidating the balance of indebtedness amounting to $140,000, the Royal Development Company has obtained full title to the Carlyle group of claims in Nevada county, formerly owned by the Ramsey estate. There are twenty two claims in the property comprising about 410 acres located eight miles north east of Cisco.

Development is by tunnels on the principal veins. The Washington vein is said to average from 16 to 40 feet wide and can be traced on the surface for more than 4000 feet. The values are said to be principally gold with some silver and copper. Tunnel No. 3 on the Washington vein has been dirven 800 feet and it is said that due to the precipitous nature of the country, an additional distance of 750 feet will attain a vertical depth of 2200 feet on the vein.

Plans are being made for the early construction of a fifty ton unit of a concentration and flotation mill.

Mrs. W. H. Marthin who has been convalescing at the Nevada City Sanitarium, has recovered sufficiently to be removed to her home. She is improving nicely.

R. L. Egenhoff, field engineer of the California Debris Commission was in town last week on official business.

C. J. York was in town last week on his way home in Downieville from a business trip to San Francisco. He has sold his electric light plant to the Pacific Gas and Electric Company.

Mrs. C. C. Sweeney of San Jose has been here helping to care for her neice, Miss Jane Phillips who has been quite ill.

Mrs. E. M. Austin has returned from San Francisco where she went to welcome her daughter, Mrs. Gordon Walker on her return from New York.

SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your druggist, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

Makes Life Sweeter

Too much to eat—too rich a diet—or too much smoking. Lots of things cause sour stomach, but one thing can correct it quickly. Phillips Milk of Magnesia will alkalinize the acid. Take a spoonful of this pleasant preparation, and the system is soon sweetened.

Phillips is always ready to relieve distress from over-eating; to check all acidity; or neutralize nicotine. Remember this for your own comfort; for the sake of those around you. Endorsed by physicians, but they always say *Phillips*. Don't buy something else and expect the same results!

PHILLIPS Milk of Magnesia

After all, what is the most important thing in baking?

Is it measuring and mixing ingredients? Is it selecting *certain* ingredients? All Home Economists know that after all, the most important thing is the correct oven temperature.

For almost anyone using care can measure and mix good ingredients accurately and follow a tested recipe. But in the baking—that's where all your best efforts meet the real test.

Today, leading Home Economists are turning to a device that keeps the oven at any temperature. It is called the Oven Heat Control and is a part of the new Gas Range.

See these new Gas Ranges at your dealer's. Or phone or call at our office.

FRENCH CORRAL ITEMS

FRENCH CORRAL, April20, (Special to The Nugget)—At this writing, a rainstorm is on. Light rain all day yesterday, but it came down good and plenty toward evening. Well it means so much more to store in our reservoir for summer use. The San Juan and Pine Grove reservoirs are not yet full but soon will be as we hear extra water has been turned in from ditchways up the country.

Well, Jack Frost didn't get everything in French Corral altho he dealt a heavy blow to walnuts and figs. But there will be a second crop of figs, and we can be sure of all we want later in the summer and fall. This part is frgarant and beautiful now, with the blossoms of plum, pear and apple fruits, for it simply grows wild here.

With the pleasant weather people drop in nearly every day.

Roy Kirkwood, who has been spending some time in Alleghany, has been visiting his mother, Mrs. J. Kirkwood, of this place.

Mrs. A. Labour and children and her sister, Miss Laura Broyles of Sacramento were visiting friends in French Corral Sunday.

D. Coughlan of Columbia Hill was a Sunday visitor.

Wm. Gordon of Oakland visited the family of W. E. Moulton Sunday. Mr. Gordon is the carpenter who planned and built the new house now occupied by W. E. Moulton. He left for Sacramento where he has charge of some work in his line.

Miss Louise Moulton who teaches in North Bloomfield, made a short visit to her parents Sunday p. m. She spent the week's end with her sister, Frances.

Mr. and Mrs. F. S. Wood and little son, Carl, of Sweetland were visiting friends in French Corral Monday.

Geo. L. Sweetland of French Corral made a trip to Nevada City Tuesday, where he will spend a few days.

The Coughlan Bros. passed thru this place Tuesday with a large herd of cattle which they were taking to their pasture in Columbia Hill.

Miss Millie Clerkin made a trip to Nevada City with H. Flynn of Colgate. Miss Clerkin and Mrs. P. H. Flynn, members of Columbia Parlor, No. 70, will attend the anniversary celebration of Laurel Parlor No. 6, N. D. G. W., Nevada City.

Mr. and Mrs. Geo. Calanan of Nevada City called on friends in French Corral Tuesday

W. P. Clerkin returned to his home near French Corral Wednesday after a trip to Browns Valley.

Mr. and Mrs. J. Phelan, and Mrs Phelan's mother, Mrs. Flynn, and Jack and Clara Phelan, and E. Moody of Tyler made a trip to French Corral Wednesday evening. On their return they were accompanied by Joe Swazy, who will be employed on the Phelan ranch for awhile.

N. B. Bishop, W. E. Moulton, E. Sutherland, Wm. Granholm and W. King took a trip to Bloody Run Wednesday. They reported 600 inches of water coming in from that section.

County Assessor H. Schroeder and his deputy, E. Morgan, paid their annual visit to French Corral Thursday. We are sure they are always greeted with a smile of welcome for along with the other joys of springtime to which we are accumtomed we look forward to the plea- of welcomesure of a friendly chat with these good gentlemen.

Mr. and Mrs. W. E. Moulton, Mrs E. Sutherland, and N. B. Bishop made a business trip to Nevada City Thursday.

Mrs. A. Bdowning and son, Harry, made a trip to Nevada City Thursday.

Mrs. K. Sullivan of French Corral thinks 1929 her unlucky year, she having been the loser of four splendid cows thus far, two by accident and the other two have disappeared mysteriously. The last one disappeared from the barn the night of the 12th leaving behind a paid of four day old twin calves. As the cow was in good health and all search has been in vain ever since things look ratheh queer.

C. H. Roberts, secretary manager of the Nevade County Promotion Board, was a business visitor in Los Angeles and Long Beach.

N. J. James was a business visitor in Oakland during the week.

Miss Bessie Eltz was a Sacramento visitor Thursday.

Mrs. Harold Hartung, and daughter, Nelcine, are visiting in Berkeley with Dr. and Mrs. W. G. Thomas and family.

Lerow Harris and Norman Oates motored to Oakland where they visited over the week end

Mr. and Mrs. A. B. Snyder are visiting in San Francisco for the week.

Among those attending the Washington-California crew races at Berkeley last week end were: Misses Clarice Bennetts, Mary Brock and rma McCormack, Bob Hocking and Robert Ingram.

In Five MILLION HOMES TONIGHT

There are times when all a mother's love can't soothe a fretful baby. No way of telling just what's wrong, yet something must be done. Castoria time! A few drops, and Baby has dropped off to sleep. Yet this marvelous means of quieting a restless infant is utterly harmless. There is not one ingredient but what all doctors know and approve, and would let you give your baby every day in the week. In fact Castoria is *a purely vegetable product*. Gas pains, constipation, even diarrhea can be dispelled in this same manner. Castoria is older than you are, but physicians still say "nothing better for babies." An old-fashioned remedy if you count its years, but parents are old-fashioned who still raise babies without its aid! And at least five million modern mothers keep it handy day and night, for twenty-five million bottles were bought last year! Buy yours now; don't wait until you need it.

Children Cry for Fletcher's CASTORIA

Miss Doris Hooper of Auburn visited Mr. and Mrs .Al Hooper over the week end.

Miss Alvida Angove of Sacramento spent the week end at home Her brother, Cecil motored back with her.

Mrs. Al Kingman is home from a week end visit with relatives in Oakland.

Ralph Vincent and J. R. Kneebone were Sacramento business visitors Monday.

N. J. James spent last week end visiting in Woodland.

LEGAL NOTICE

SUMMONS

In the Superior Court of the State of California in and for the County of Nevada

T. C. BIGELOW, Plaintiff,
vs.
W. S. BIGELOW, and all persons unknown who have or claim any interest in or lien upon the real property hereinafter described, Defendants,

The People of the State of California send greetings to: W. S. BIGELOW, and all persons unknown who have or claim any interest in or lien upon that certain real property situate and being in the County of Nevada, State of California, and more particularly described as follows, to-wit:

All that portion of the East half of Section Thirty-six (36) Township Eighteen (18) north, Range Eight (8) East, M. D. B & M., described as follows, to wit:

Beginning at a point at North 31° 31' West 2575 feet from the South East corner of Section 36 Township 18 North, Range 8 East, M. D. M., thence true bearings, North 33° 45' East 385.44 feet; thence North 64° 00' East 283.80 feet to a 18 inch pine; thence North 46° 27' East 167.64 feet; thence North 33° 41' East 135.30 feet; thence North 3° 18' West 136.62 feet; thence North 58° 00' West 186 12 feet; thence South 84° 45' West 157.88 feet; thence North 4° 40' East 99.00 feet to a point; thence North 18° 00' East 818.40 feet; thence South 72° 00' East 665.94 feet; thence South 18° 00' West 2146.32 feet; thence North 69° 42' West 613.92 feet; thence North 264.00 feet to the place of beginning; excepting therefrom so much thereof as lies within the exterior boundary lines of Mineral Lot No. 40 known as the Lucky Joe Extension

Subject to that certain Right of Way reserved in deed executed by Wright Shaw to J. G. Hall, dated October 22, 1891, recorded February 10, 1892 in Book "78" of Deeds at page 337 et seq., Records of Nevada County.

You are hereby directed to appear and answer the complaint in the action entitled as above brought against you in the Superior Court of the State of California in and for the County of Nevada, within ten days after the service on you of this summons, if served within said county, or thirty days if served elsewhere, and you are hereby notified that unless you appear and answer as above required the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract or will apply to the court for any other relief demanded in the complaint, including the partition or sale of the real property hereinbefore described.

Given under my hand and the seal of the Superior Court at Nevada City, State of California, this 5th day of February, 1929.

GEORGE COUGHLIN, Clerk,

Date of First Pubnc.tion, February 11, 1929.

LOW FARES EAST • MAY 22

Double the enjoyment

of your trip east—go one way, return another

When the low summer fares are in effect, May 22 to Sept. 30, you appreciate all the more Southern Pacific's option,—go one way, return another.

At a cost no more than the greatly reduced excursion fares you can, for example, go East over the SUNSET ROUTE, via San Francisco, Los Angeles, El Paso, San Antonio, New Orleans and return via the OVERLAND ROUTE, Chicago direct across mid-continent to San Francisco. Use Southern Pacific's varied routes. See more of your America. Broaden your horizons. Only Southern Pacific offers choice of *four great routes*: OVERLAND ROUTE, SUNSET ROUTE, GOLDEN STATE ROUTE—Los Angeles via Kansas City to Chicago and SHASTA ROUTE via Pacific Northwest.

In style of trains, too, you have your choice. If it's the utmost in luxury you want there is a train on every route to serve you. Or you can find comfort with economy on trains carrying Tourist sleepers and All-Day Lunch cars (like cafeterias).

NEW PLAN BOOK

Write to F. S. McGinnis, 65 Market St., San Francisco for your free copy of new, illustrated booklet, "4 Great Routes to the East." Gives in detail the advantages of *going one way, returning another.*

Some examples of roundtrips from main line points to:

Boston	$157.76
Chicago	90.30
Cleveland	112.86
Detroit	109.92
Kansas City	75.60
Memphis	89.40
Minneapolis	91.90
New Orleans	89.40

EMPIRE MINE SALE

Continued from front page

mining engineers who had thoroughly examined the mine. The output of the Pennsylvania since its acquisition in 1912 and recent (1915) development at a depth of 4600 feet, have made the Pennsylvania, in the light of future possibilities, a rival of the Empire and North Star mines, and justify Mr. Starr's opinion that this district is one of the greatest gold bearing camps in the United States,i f not the world. It is a pleasure to record that the faith, foresight and energy shown by Mr. Bourn and Mr. Starr in developing the district at a time when it was practically abandoned, have been amply rewarded by the dividends paid by the rejuvenated properties.

In 1900 the main Empire shaft was 3080 feet, deep while in 1914 the shaft had reached a depth of 4760 feet, and upon the completion of the new hoist sinking will be continued to a depth of 7500 feet. In the old workings levels were run every hundred feet, but all the lower levels are driven 400 feet apart. In 1914 most of the development work and stoping was being done on the 3000, 3400, 3700, 4200 and 4600 foot levels from 400 to 3000 feet north of the shaft. A total of over 30 miles of drifts and crosscuts have so far been driven to prospect the Empire property, and 26½ per cent of the whole area developed has been profitably stoped. In the lower levels the shaft was sunk in the hanging wall, and crosscuts have to be driven northeast to the Ophir vein. On the 4200 foot level the vein lies about 4000 feet from the shaft. Crosscuts have been driven from the 3400 foot and 4600 foot levels of the Empire mine to prospect the Pennsylvania lode at an approximate depth respectively of 800 feet and 2000 feet below the bottom of the Pennsylvania shaft 2600 feet.

The Empire vein outcrops in the diabase-porphyry and continues in formation to a depth of 1700 feet, where it enters the granodiorite which forms both walls of the vein to the greatest depth yet attained. The average dip of the Empire ledge from the surface to the 3000 foot level is 30 percent, but below 3400 feet the vein steepens and from the 2800 foot to the 4200 foot level the average dip is 55 degrees. The walls of the fissure are from 3 to 4 feet apart, but the auriferous quartz will, as a rule, average from 18 inches to 2 feet; in the lower levels, however, a drift has been driven a distance of 200 feet on an ore-body which has an average width of 8 feet of heavily mineralized quartz. The ore in the Empire mine is characteristic of the Grass Valley district, consiting of quartz carrying fine and coarse gold with 2 to 3 per cent of sulphides which are for the greater part auriferous pyrite with a small amount of finely disseminated galena, usually indicative of high grade ore. The pay-shoots are irregularly distributed through the ore-bearing zone. The greatest 'barren zone' in the mine was found between the 1300 foot levels in which 800 feet practically no ore was encountered. On acount of the irregular distribution of the ore shoots and the barren zones encountered, it is necessary to systematically develop the vein far in advance of the stoping requirements. This policy has resulted in the continued prosperity of the Empire mine, and had it been applied to other mines of the Grass Valley district and throughout the State, many which are today lying idle would be enjoying like prosperity.

JUNIOR PROM IS MAKING PROGRESS

The annual Junior Prom staged by the high school juniors and which will be held at Armory Hall on Friday night promises to be up to the standard set in former years. The committee of arrangements consists of Thelma Boreham, Dorothy Tamblyn, Vivian Cerro, Holden Pierce and Robert Polglase.

Mr. and Mrs. Frank Guenther are home from a visit with relatives in Vallejo.

Dr. Sidney Talbot has been here from San Francisco in attendance on the infant son of Mr. and Mrs. Henry Clark.

George Neagle was here from Oakland to send the weekend at the parental home.

Mr. and Mrs. J. F. Stenger, M. and Mrs. Alfred Martin and Mr. and Mrs. A. A. Willoughby were in Roseville Saturday evening to attend the constituting of the New Rosveille Royal Arch Chapter.

Miss Estelle Paine of Chico accompanied by her friend Miss Doris Armstrong, is here visiting at the R. L. Paine home.

SIERRA COUNTY LOCALS

Mr. and Mrs. Paul Smith were up from Auburn to spend the week-end.

Gordon Wood was visitor to Downieville from Pike last Monday.

spent a couple of days of this week in the lower country.

Arthur Haskell and Henry Bump came down from the Big Boulder on Friday last. There was only four feet of snow on the ground there and no water.

Lawrence Nessler is at work on his father's claim near the old Craycroft diggings.

Mr. and Mrs. Oslin are here from Berkeley visiting Mr. and Mrs. Wm. Dubuque, Mrs. Oslin's parents.

Mr. and Mrs. Marion Lusk had some friends from Sacramento visiting them on Saturday and Sunday.

County Surveyor Taylor returned from a visit to relatives in Long Beach last Wednesday.

Bert Emerald took Misses Nellie Jones and June Poggi to Sierra City on a short visit Sunday afternoon.

Mr. and Mrs. Gould returned from Forest on Saturday, after spending a few days with Mrs. Thomas, Mrs Gould's mother, who was very sick.

Andrew Bachels was here from Goodyear Bar on Thursday in connection with a sale of some stock of the Oxford mine which belonged to the late E. L. Case.

Antone Lavezzola went up to the Ruby mine on Saturday. There is less than two feet of snow on the ground at the Ruby, and about three feet at Dick Ponta's place in Mount Vernon Ravine.

A crew of men from Downieville begun work clearing the snow from the Yuba Pass on Tuesday. At the solicitation of Antone Lavezzola of Downieville, Nevada City and Grass Valley contributed money toward the work. On Monday there was said to be only four miles of road to break, and three tractors, with the necessary crews, were working from both ends.
